There is not a single portion of the body that is not benefited by the helpful action of Taninc, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole system. Next, it enables the weak, worn-out stomach to thoroughly digest its food thereby permitting the nourishing elements to be converted into blood, bone and muscle.

It overcomes, it is said, that great exciting cause of disease—weakness. It renders the body vigorous and elastic, keeps the mind clear and energetic and throws off the symptoms of nervousness and indigestion.
